Mr. Geoffrey Beard

Self-employed as both a Publican and an IT project manager, all respective parents, teachers, staff, but most importantly, pupils, can be certain of a communicable and committed professional eager to ensure that all needs and concerns are individually addressed whilst simultaneously able to bring competent planning, resource and financial management skills to the position to maximize all deliverables and benefits.

Mrs. Joanna Cooke

I have been employed for 25 years within a large retailer, and managed a large store for the past 15.

My role includes recruiting staff, managing relationships between suppliers and customers, and ensuring goals are achieved.

I believe these skills I use on a daily basis would allow me to become an effective school governor and contribute towards the school.

Mr. Clive Hawkins

I am a former pupil of the school and have gone on to have a very successful career in technology, managing teams of more than 1000 people across many countries with an annual budget of >£100 million. I have a first class degree in computing. I would like to give something back by serving the local community.

Mr. Kirk Taylor

My interest in becoming a governor is to play a part in helping to shape direction for the college, continuing to provide a learning environment for young people which responds to the demands of a dynamic and evolving global workplace. I care about the success, performance and relevance of FCC, I bring experience in working in finance, construction and project-development.
